CLOSE OF THE WOMEN'S SEASON AT THE MORRIS COUNTY LINKS.

With the final competition for the club silver buttons which took place at the links of the Morris County Gelf Club on Monday the women of that popular organization closed their fall season. Morris County has taken a prominent part in women's matches recently, and much of its success is due to the committee in providing attractive tournaments in which only women are allowed to

There has been a series of these button contests, and the novelty of the idea has made them ex-tremely popular. The competitors each time are drawn in pairs, and the winner of each pair rematch play, and several of the women have won enough buttons to decorate both sides of their golling coats. Miss Allee Day, who has been a leading player, injured her shoulder just previous to Monday's contest, and at first decided not to enter. Miss Cornellin G. Willis offered to play against her, and use only one hand, and so the two women played a one-handed match of seven holes, the number previously agreed on, which Miss Day won in spite of her injury by 3 up and 2 to play. Mrs. William Shippen allowed her opponent, Mrs. W. Fellowes Mozgan, three strokes handleap, and this match was so close that an extra hole was necessary to decide the winner. The score was all even at the eighteenth green, but on the deciding hole Mrs. Morgan won. Mrs. Kissel beat Mrs. F. M. Barcon, u, by 8 up in a nine-hole match; Miss Madeline Evans heat Miss Cora Fosler, 5 up and 4 to play, Miss Marie G. Bryce beat Miss Kipp, 2 up and 1 to play, and Mrs. Arthur O. bean won her match by 2 up.

The new course will be formally opened then, and for that reason no tournaments have yet been held on Still, a good deal of practice has been going on and a fair estimate has been made of its possi-bilities. The bogic score is 77, but so far no one has been able to equal it, and the best that hes been done is 80, by Findlay S. Douglas, who will, be one of to-morrow's contestants. This is re-garded as a record which will not be beaten for some time to come. Besides Douglas, the promi-nent entries include James A. Tyng, Henry P. Toler, Marion R. Wright, Walter J. Travis and A. D. Cochrane. The entry list closes this evening, with Jasper Lynch, secretary, Lakewood, N. J.

The Greens Committee of the Baltusrol Golf Club has decided to make its Thanksgiving Day handicap thirty-six instead of eighteen holes, as first announced. The club championship, which was postponed from last Saturday on account of rain, is to take place one week from next Saturday.

George C. Clarke, jr., of the sophomore class of Harvard, has won the University golf champion-ship, and will hold the challenge cup for the year. His opponent in the final round was James F. Curtis, jr., the former intercollegiate champion. The match was at thirty-six holes, and at the completion of the first half Clarke was 4 up. On the second half Curtis managed to hold his own fairly well, and the final score was 2 up and go in Clarke's favor. The cards for the se half were:

THOMAS CAT THE ONLY FAVORITE TO WIN AT BENNINGS.

MAHER RIDING IN EAD FORM-THE RESULTS IN DETAIL.

[BY TELEGRAPH TO THE TRIBUNE.]

Washington, Nov 22.-Form at Bennings to-day was as exasperating as it was costly to the bettors. Yesterday's break brought hopes of a chance to win back losses before the wind-up comes, but it looks now as if Fortune's favors are to be few and far between for those who seek them. Thomas Cat, a 2 to 5 chance, was the only favorite to win, and even he had a close call, for it was only in

the last stride that he earned his knurels.

Kinnikinic was the first of the day's disappointments. He was at odds on for the opening race, and properly handled might have won, but Mah r seemed in a most indifferent mood and he was really lucky to get third money.

Sparrow Wing, in the second race, was to be one of the good things of the meet. Six to 5 looked a short price in a field of fifteen malden 'wo-year olds, yet it was easierly accepted. At the finshe was second, Lady Dera beating her by a head, Floraline won the hurdle race, with Marshall in the place and Ben Eder third. The latter was the favorite, but after flattering his backers for a mile and a half he tired. It looked as if he was

The Wanamaster Store

Humber Bicycles ALL the cycling world knows about our recent distribution

of a great number of Humber Wheels. At that time we drew largely upon the reserve stock of them in our Philadelphia store, to meet the New York demand. Some were allowed to remain for the future certain needs of the Philadelphia market.

But New York has been clamoring for more of them, and so many expressions have come to us from people preferring to buy them here, that we yield to the request and now concentrate in this store all of the Humber Bicycles we still own. They are all strictly first-class wheels, made under our contract of this year with the Humber Company, and are the best wheels ever produced under that great trade-mark. If rumor is true this affords the last chance to buy Humber Wheels. Demoralized prices, produced by the action of the Humber Company, have destroyed all present or prospective profits, and it is currently reported as a result that no more Humber Bicycles will be made.

The prices are:
